Received 5 October 2009

Bibliographic Ref. 2 of the paper is given as “*Phys. Rev. B* **71**, 104522 (2005), hereafter referred to as II.” In several places in the paper where it reads “Sec. 2”, it should be replaced by “II”. That is, it is a reference to bibliographic Ref. 2 rather than to Sec. 2 of the paper. Specifically, on pages 3039, 3047, 3049 and 3050.

Bibliographic Ref. 1 of the paper is given as “*Phys. Rev. B* **65**, 184502 (2002), hereafter referred to as I.” On p. 3047 where it reads “Sec. 1”, it should be replaced by “I”.
