Following the publication of this article, the authors have discovered that the arginine (R) residue at the amino acid position 588 of the VP1 protein was incorrectly described as R587 in the text and Fig. 1. In addition, they noted that in Table 1 near the bottom, the amino acid sequence of the peptide SRNGRAP isolated from HDF library 7-S-1 contained an error. The correct sequence of this peptide is SRKGRAP. In pages 35 and 36, DH10B and pUC620-3 were incorrectly described as BH10B and pUC630-3, respectively.

The authors would like to apologize for any inconvenience caused by these errors.
